* NOTE on UTA // FULI's family — info from Fuli 5/1975 Wgtn.

Fati, a brother of Hongivalu, had kids by 4 W – a may have been legal wives, but a Gilb. g., of Sala of Fakaofo, were illeg. SALA bore one child to FATI: He was born 1915 at Fakaofo & called Fuli. Not long after this Fati went with KAIPATI to N.Z. to join in WWI. KAIPATI went overseas, but FATI remained in NZ & died there about 1918. There are mates from Nanumea for both men. About 1922 Fuli visited Nanumea with a relative – he traded names with Uta, a brother of Takepo. This uta was called Fuli ever since. He is Kaipati's father. Fuli from Tokelau yet & there but kept his name Fuli, since name trading with friends is not a Tokelau custom. Fuli's children gradually moved to Wellington NZ, & in 1972 Fuli, & his wife Siipaia came. All the family except for several marked above, now live here in Wgtn.
