"FILIKAFAI" or "KOPITI SAAMOA"
runs from TANGAU down-
splits to 3 lines here,
follows male line only

Vaha says this
Tangau older than one
which is Laiti's father.
Laiti's fa. real name =
Telab. Tangau = hukui

NOTE ON NAME TALOTALO:
Taulialia says present Talotalo not
related to her: Tangau's sister was
Favalu, & Favalu took name
Talotalo for her child after Tangau's
wife died, to "fakalala" the name

FAKALALA = Favalu
TANGAU's
Talotalo (orig)
PANIATA = TALOTALO
